EXAMINER'S AMENDMENT

Art Unit: 2178

10. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

11. Authorization for this examiner's amendment was given in an telephonic interview with Attorney Daniel Bell on 09/28/2005.

The Application has been amended as follows:

In claim 1, Line 7, replace the phrase "associated with" with "defined by"

In claim 1, Line 14, replace the phrase "associated with" with "defined by"

In claim 1, Line 22, replace the phrase "in association with" with "by"

In claim 1, Line 26, replace the phrase "in association with" with "by"

In claim 38, Line 6, replace the phrase "associated with" with "defined by"

In claim 38, Line 14, replace the phrase "associated with" with "defined by"

In claim 38, Line 24, replace the phrase "in association with" with "by"

In claim 38, Line 29, replace the phrase "in association with" with "by"

In the Specification, on Page 5, insert after the Figure 12 entry the phrase "Figure 13 is a block diagram of a distributed computer system implementing view templates for HTML documents."

REASONS FOR ALLOWANCE

12. The following is an examiner's statement of reasons for allowance:

Art Unit: 2178

Regarding amended independent claim 1, none of the references, either singularly or in combination, teach or suggest to a person of ordinary skill in the art at the time of the invention all the amended features. The examiner notes that while HTML document content flow was itself not a novel feature (See Examiner Referenced Patents and NPL), but in combination with the amended features of the method steps of the independent claim the limitations of claim 1 are considered novel, and unobvious to a person of ordinary skill in the art at the time the invention was made in view of the prior art of record.

In regards to the other independent claims, the examiner notes that said claims are substantially similar to independent claim 1 with the regards to the claim limitations and are thus considered allowable for at least the same reasons as independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

13. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:
